All the staff to do with the children with differences are remarkable, supporting, caring individuals who go out their way with inclusion teaching loving and making the children be the best versions of themselves.

The school has gone over and above to support my child's needs, due to a lack of external support my child should be entitled to. However after she moves to secondary school this will suddenly stop and we are very concerned about her ability to cope.

I cannot fault the care of my child at school. Both Ms Denny and Ms AC really care about my child and how he is getting on. There has been incidents but they have been quickly resolved and mitigations been put in place. I am also kept up to date.

I'm thrilled with All Saints SEND provision, they've been absolutely amazing with Willow and i couldn't be happier.

The care and pastoral support my child receives at All Saints is fantastic. The whole team including teachers, TA's and SENDCO work brilliantly together to ensure my child feels safe and looked after whenever she needs it. Great provisions are in place when needed. SENCO are kind and helpful. I love how they teach the children neurodiversity allowing the children to be accepting and understanding of everyone.

They are trying to get a school, which is very hard
