

Inspired by Christ - Reaching Out to All - Being the Best We Can Be

Friday 13th March 2026

CELEBRATION AWARDS Friday 13th March

Year 6	Vienna, Liz and Oliver
Year 5	Ismael, Ben and Viraat
Year 4	Nandni and Elyzjah
Year 3	Mimi and Damian
Year 2	Temi and Jairo
Year 1	Melody and Georgios
Reception	Klover and Yahya
Nursery	Immie and Ellee-Zahra

HOUSE POINTS UPDATE

Every week in our celebration assembly we tally up house points to see which house is in the lead! This week the results are:

St Andrew's House: 3767 Points

St David's House: 3260 Points

St Patrick's House: 3447 Points

St George's House: 3810 Points

RED NOSE DAY

We will be celebrating Red Nose Day in school on **Friday 20th March**. Fundraising on Red Nose Day helps to fund local community organisations and change makers across the UK. On this day, children may come to school in non-uniform and bring a joke to tell. Please bring in £1 donation.

PARENTS EVENING

A reminder, if you haven't already booked your Parents Evening slot to please do so, using the link which was e-mailed to you last week. Parents evening takes place on **Tuesday 24th and Wednesday 25th March**. If you have any problems making your booking, please contact the office.

ST PATRICK'S

HOUSE TO WEAR

GREEN

On **17th March**, children in St Patrick's house can wear

something green with their uniform to celebrate St Patrick's Day. For children in other houses this is a normal uniform day.

W/C MONDAY 16th March

Mon 16 th	Y2 Trip to RAF Museum
Tue 17 th	St Patrick's House to wear green Y1 Trip to Capel Manor
Thu 19 th	Girls Football Vs Byng Road
Fri 20 th	Red Nose Day – Own clothes

NEW SUMMER MENU

When we return after the Easter break, we will have a new summer menu for the children to enjoy which features a range of tasty food, freshly cooked daily by Rebekah and her kitchen team. The menu is now available to look at on our website [here](#).

ATTENDANCE THIS WEEK

We would like to say a huge well done to the whole school for a fantastic week of attendance this week. Our whole school attendance is sitting at 97.51% this week, almost 1% up from last week, and above our target of 95%. We are so pleased to see so many children in school, which will undoubtedly support their learning, friendships and feeling settled and comfortable in their school environment. Keep it up All Saints'!

INK CARTRIDGES AVAILABLE

We have a stock of ink cartridges which we no longer need at school due to changing printers. If you would like to pick one up free of charge, then please let the office know. The cartridges available are for HP Laserjet 3800, Canon C-EXV 34 in Cyan, Ricoh 201, 204 and 211 series and HP Laserjet Pro P1102.

SAVE THE DATE EASTER EVENT

ASSA are planning an Easter event to take place on **Thursday 26th March** after school. The event is still being finalised, so keep an eye out for further information on this.

ASSA are also desperately looking for more helpers to support their fundraising efforts, as sadly we have not had enough parent volunteers. This could just be for a few hours at an event, behind the scenes helping with setting up, sharing ideas or joining our support WhatsApp groups. ASSA is all about supporting our children and our community. If you can help, please let the office know and we can pass on your details.

YEAR 3 TRIP TO SCIENCE MUSEUM

Year 3 had an amazing and enriching experience at the Science Museum this week. We watched the 'Forces' show and learnt about gravity, aerodynamics, magnetism and much more! Lime class loved exploring the Modern World and Space galleries and looking at ancient relics from the past such as motoring cars and Victorian medical kits, not to mention the huge planes overhead. A big thank you from Year 3 to all the parent helpers who supported on the day. From Mrs Denny

BOYS FOOTBALL MATCH

On the 9th of March (Monday), the All Saints' Boys Football Team played a playoff against Monken Hadley. Due to it being a tight match, no one scored in the first half with Deon also making some unbelievable saves. To open the scoring, Brus scored to make it 1-0 and there was some great defending by Callum, Frankie and me (Oliver.) After a few minutes, Joseph scored a great finish to make it 2-0. In between the start of the second half and Joseph's goal, Deon again made some incredible saves. Also, to secure the win, me (Oliver) scored to make it 3-0.

By Oliver – Year 6

YEAR 5 AND 6 TRIP TO RAF MUSEUM

This week our Year 5 and 6 children visited the RAF Museum to take part in a Forces in STEM session, where they got to see the amazing work carried out by companies and institutions that are innovating, researching and manufacturing across the STEM world, as well as take part in an interactive show.

'On Wednesday morning, we set off to the RAF on a coach. First the Y5s did a paper plane race of who could get the furthest, then the year 6s did a building contest to see who could build a draft of a plane engine. We did several activities but our favourite of them all was programming a robot to follow a trail in groups of 3 or 4. Overall we all had a great day.' **By Vienna (Y6) and Nancy (Y5)**

BARNET DANCE FESTIVAL

This week a group of dancers from All Saints' participated in Barnet Dance Festival, performing at the Arts Depot. The dancers have been practicing hard for weeks now, and it really showed in their performance which looked professional and confident, we were so proud of them. A huge thank you goes to Leana, Mum of Matilda in Y5 and Felicity in Y4, who has given up so much of her time and expertise to develop the dance and teach our dancers. Her hard work and enthusiasm really showed. Well done everyone!

'The Barnet Schools Dance Festival is an amazing event taking place in the Arts Depot; 16 schools each do a different dance with a theme. This year, we did a theme of fashion. Every school had a brilliant and unique theme from big spins to slips and cartwheels, we all had a special part to the performance! With all our work and practice, the final show was spectacular!

Firstly, we went on the bus to get there. Then, we went to our dressing room and practiced for HOURS; then we got to see a few other schools until it was our turn! It wasn't so bad once we were used to it. The finale couldn't be any harder as it was.

After all of the practice, it was time to get dressed into our outfits! We had a black leotard and black leggings. We put our hair in a bun, with GLITTER EVERYWHERE! Even though it was so tiring, we had so much fun!' **By Cara, Year 5**

'On Thursday, we went to the Barnet Dance Festival. Our dance teacher, Mrs Godfrey, taught us a dance about fashion; there were 16 schools and each of them had a theme. Mrs Denny and Ms Summers came with us to the Arts Depot to help out.

When we arrived at the place, we were all giggling and talking. Mrs Godfrey was telling us the timetable and what to do. We did a couple of practices in our dressing room. About one our later, we went to go and practice on the stage while other schools were arriving.

The final show was spectacular. We were called from our dressing rooms to do our performance and then got into our line order and performed!' **By Anayah, Year 5**

BUCKETS OF KINDNESS

- Reception** Annabell gives me a hug, From Lina
- Year 1** To Drin, Thank you for playing, From Alice
- Year 2** To Year 2, Thank you for all being my friend! From Max
- Year 3** To Ms Summers, Thank you for being amazing at Barnet Dance Festival and on the school trip, From Mrs Denny
- Year 4** Dear Nandni, Thanks for being a great friend. You were kind to me all the time, From Mina
- Year 5** To Anayah, Thank you for helping me with my spelling and work. You are the best friend plus table partner, From ?
- Year 6** To Deon, Thanks for being a very very very funny table partner!
You make me laugh! From Bethany

Self-compassion requires us to treat ourselves with kindness. Whilst we often strive to be kind to others, we are often self-critical which is linked to stress, anxiety and depression. It is important to recognise that making mistakes is part of being human, and to be mindful about how we think and feel about ourselves and the expectations we place on ourselves. Learning to be kind to ourselves rather than judging ourselves harshly, makes us stronger and more able to deal with life's challenges.

We can help our children to learn self-compassion by praising their efforts, rather than perfection. By helping them to understand that everybody makes mistakes and helping them replace negative thoughts like 'I did bad', with 'I'm still learning'.

ROCK STEADY CONCERT

Our children enjoyed a Rock Steady concert on Friday, performed by children who take part in our Rock Steady classes in school. Rock Steady is a weekly 30 minute lesson where children get to be part of a band and learn an instrument. If your child enjoyed the concert and is interested in signing up to Rock Steady for summer term, you can find out more [here](#).

OUR PRAYER FOR THIS WEEK

This week, our collective worship was on the subject of Robots. We talked about how during China's Lunar New Year Gala, one of the world's most watched TV shows, humanoid robots danced and performed Kung-Fu moves on stage, showing how fast technology is developing. The performances have sparked conversations about how robotics might be used in the future. We discussed what makes a machine a robot, and what you'd like a robot to help you with in daily life. The Bible teaches us that although humans can build impressive things, there is a difference between a living person and manmade objects which can never replace the unique life that makes a human being special. We ended with the reflection that it's not just about what robots can do, but how we choose to use them. Our prayer for this week is below:

*Dear God,
Thank you for the skills that allow us to build and invent.
May we see the true value in one another that goes far beyond any object we can make.
Help us to use our wisdom,
and to treat every person with the kindness and respect that they deserve.
Amen.*

Here are some questions as a talking point this week:

- What are some of the most common jobs robots do today?
- How do robots make life easier?
- Can you think of a robot you have used or seen? What did it do?
- Can you think of some differences between robots and humans.

Dates for Your Diary

** Denotes parents are invited*

Mon 16th March	Y2 Trip to RAF Museum	
Tue 17th March	St Patrick's House to wear green	
	Year 1 Trip to Capel Manor Gardens	
Thu 19th March	Girls Football Match Vs Byng Road	
Fri 20th March	Red Nose Day – Non-uniform for £1 donation	
Mon 23rd March	Nursery Trip to Science Museum	
	Barnet Schools Swimming Gala*	
Tue 24th March	Parents Evening*	
Wed 25th March	Parents Evening*	
Thu 26th March	ASSA EASTER EVENT – TBC	3:30-5pm
Fri 27th March	Last Day of Term – EARLY FINISH	2:30pm
Mon 13th April	All Children return to school (Nursery-Y6)	8:45am
Thu 23rd April	St George's House to wear red	
Mon 4th May	May Bank Holiday – School Closed	
Tue 5th May	Year 5 Trip to National Gallery	
Thu 21st May	Last Day of school 3:30pm finish for Half Term	
Fri 22nd May	Inset Day – School Closed	
1st June	Children return to school	

PETER PHILLIPS CRICKET

HOLIDAY COACHING COURSES FOR BOYS & GIRLS AGED 5 - 16

EASTER HOLIDAY CRICKET COURSES

WEEK 1 - MONDAY MARCH 30TH TO THURSDAY APRIL 2ND

WEEK 2 - TUESDAY APRIL 7TH TO FRIDAY APRIL 10TH

Working Mums and Dads? Early bird drop off and late pick up available!

With fantastic indoor and outdoor facilities it's ...

NON STOP CRICKET WHATEVER THE WEATHER!

Absolute beginners to established club players ...

Everyone is welcome!

Our courses take place at:

The Totteridge Academy - Barnet Lane, London, N20 8AZ

For all the information you need & to book visit: www.peterphillipscricket.co.uk

For any further queries please call: 07930 44 55 66

KUMON

UNLOCKING 11+ SUCCESS WITH KUMON MATHS AND ENGLISH

HERE IS HOW THE KUMON PROGRAMME HELPS TO NURTURE STUDENTS FOR THEIR 11+ EXAMS, BY FOCUSING ON CORE SKILLS FOR MATHS AND ENGLISH:

-  **DISCIPLINE AND ROUTINE**
Kumon instils a habit of daily study, preparing children to approach the 11+ with consistency and focus.
-  **CONFIDENCE IN SELF-LEARNING**
The Kumon method encourages children to figure out answers independently, a critical skill for tackling unfamiliar or challenging 11+ questions.
-  **TIME MANAGEMENT**
Working through Kumon worksheets against a target time (the standard completion time) efficiently teaches students to manage their time effectively during exams.
-  **ACCURACY FIRST, SPEED LATER**
Encourages focus on getting answers right before working on faster completion, a Kumon hallmark.
-  **ENCOURAGE SELF-CORRECTION**
Lets the child review and correct their Kumon errors independently to build resilience for exam scenarios.
-  **CONFIDENCE BUILDING**
Children gain increasing confidence in their own abilities through experiencing success.
-  **FOCUS & STAMINA**
Daily study builds stamina, pace and the concentration required to focus on the task at hand.

HOW DOES KUMON PREPARE CHILDREN FOR TAKING THE 11+?

Kumon's study methods encourage mastery of each topic, leading to students being able to demonstrate their depth of knowledge with confidence. With regular assessment at each level, Kumon students are advanced through the programme at the right pace to build the study skills needed to approach 11+ tests and entrance exams by themselves, in a way that traditional tutoring does not. It's a method that builds:

- Independent learning
- Daily discipline
- Academic stamina
- A deep understanding of core concepts

Reasoning Skills & Real Results

While Kumon doesn't teach verbal and non-verbal reasoning directly, the programme enhances:

- Pattern recognition
- Critical thinking
- Deductive reasoning
- Focus & concentration

PREPARE BEYOND THE TEST. BUILD SKILLS FOR LIFE.

Kumon students work on mastery of maths and English to an advanced academic standard; they are also nurtured with a strong focus on speed, accuracy, and the development of solid foundational skills.

KUMON SUPPORTS PREPARATION FOR:

FSCE CSSE

ISEB Common Pre-Test

GL Assessment

BENEFITS OF THE KUMON ENGLISH PROGRAMME

At each level of the English programme, Kumon nurtures essential 11+ skills:

- Accuracy & grammar awareness
- Logical thinking & inference
- Vocabulary development
- Comprehension of complex texts
- Clear written expression

Key Focus Areas:

- Applying examples in written responses
- Reading widely for meaning
- Understanding text structure and author intent

COMPREHENSION SKILLS

GRAMMAR AND VOCABULARY

CRITICAL THINKING

BENEFITS OF THE KUMON MATHS PROGRAMME

Kumon maths builds strong numeracy and analytical thinking:

- Arithmetic fluency across all the major operations (BODMAS)
- Fractions, ratios, and algebra
- Logical problem-solving
- Mental maths and working memory

Key Focus Areas:

- Developing stamina to solve multi-step problems
- Creating hypotheses to tackle unfamiliar questions
- Building confidence in speed and accuracy
